NISSAN SERVICE PLAN

Nissan Service Plan is the easiest way to give your Nissan NV300 the maintenance it deserves while you save money in the long run.

Nissan Service Plan provides a convenient and easy solution, enabling you to spread the cost of your servicing needs by making low monthly payments rather than having to pay the full amount all at once.

Nissan Service Plan also ensures that your Nissan NV300 is serviced in line with manufacturers recommendations/specifications giving you peace of mind motoring.

A well maintained vehicle offers Nissan drivers safety, reliability and economy with a "FSH" (Full Service History) also protecting future residual re-sale values.

Nissan Service Plan customers can also rest assured that your vehicle is maintained and serviced by qualified Nissan technicians using Genuine Nissan Parts.

NISSAN EXTENDED WARRANTY

Nissan Extended Warranty allows you to benefit from your NV300 warranty for a longer period or mileage. The range of available contracts will enable you to select the one that best suits your needs.

The Nissan Extended Warranty covers the cost of repairing or replacing covered mechanical or electrical components should they breakdown due to warrantable defect of material or workmanship during the period of cover.

If you sell your Nissan privately, you can transfer the cover to the new owner adding value to your vehicle when you sell. Transfers are free.
